

# Major Prizes Awarded at Cooking School on Friday

## TWO-TONE CAKE MADE WITH K C BAKING POWDER IS NEW

See the Ironmaster and Rid-Jid Ironing Board at the HAPPY KITCHEN COOKING SCHOOL. See for yourself the saving you can make on this special offer — Firestone Budget Terms, too.

### Special Offer!

**\$2.95 Sunbeam IRONMASTER AND \$4.95 RID-JID AUTOMATIC IRONING BOARD**  
A \$13.90 VALUE!  
For Only **99¢** AND YOUR OLD IRON

**Firestone**  
AUTO SUPPLY & SERVICE STORES  
Marcelina and Cravens  
TORRANCE

**1/2 cup butter**  
**1 1/2 cups sugar**  
**4 egg yolks**  
**3 cups flour**  
**3 teaspoons K C Baking Powder**  
**1/4 teaspoon salt**  
**1 cup milk**  
**1 teaspoon vanilla**  
**2 squares of unsweetened chocolate**  
**4 egg whites**

Method: Sift together five times, the flour, baking powder and salt. Cream butter, add sugar slowly, add egg yolks carefully, beat, then milk and flour alternately. Divide in two parts. To part 1, add two egg whites, beaten stiff. To part 2, add chocolate (melt over hot water, not boiling). Let cool, then fold in the whites of two eggs beaten stiff. Bake in separate pans at 350 to 375 degrees, 20 to 30 minutes.

### State Picnic-Reunions

**IOWA** . . . A fourth attempt will be made Saturday, April 26, to hold the picnic reunion for all Iowans in Lincoln Park, Los Angeles. Rain storms caused the three postponements. The park will be made into a "little Iowa" with each county in its place as on the map. A program of entertainment will follow the picnic dinner hour.

**FEW INFLUENCED**  
The utility of most propaganda is due to the fact that few persons are influenced by what they can't believe.

Farmers, business men and consumers in Puerto Rico are seeking approval for organization of a co-operative steamship line.

## Draft Group Gets Sendoff In Rain

In a pouring rain, 14 volunteers and selectees were given a cordial but very damp sendoff in Torrance last Friday morning. The fifth draft contingent to leave from this district was cheered with gifts of candy and cigarettes from the Lomita V. F. W., and listened with grave attention to thoughtful words of counsel by Rev. F. T. Porter.

Final instructions to the contingent were given Chairman Carl D. Steele and A. E. Cameron, member of Selective Service Board No. 280. About 100 were present, all but a few being Japanese. The goodbye ceremony was held in front of the Torrance Civic Auditorium in the rain because the building was locked and no one could be located with a key to open it up and admit the group.

A last minute deferment granted John (Jack) William Schatz, 22, unemployed, of Long Beach, reduced the contingent to 14. A replacement will be included in the sixth call-out which is scheduled between April 21 and 25 when nine men plus replacements will be sent for Army training.

## County Posting Weed-Grown Lots

Weed Abatement Section crews of the Los Angeles County Department of Forester and Fire Warden are placing posters on 38,000 weed covered lots in county territory.

Lots posted are those covered with weeds, both vacant and improved properties. These lots have been declared as fire hazards by Deputy County Fire Wardens and County Fire Protection District Captains.

Posters advise property owners that unless the weed fire hazard is abated by the removal of flammable weeds by May 15 County crews will remove them and the cost will be constituted a lien until paid.

## Terminal Island Has Many Sights

A most enlightening and interesting trip in Southern California, particularly for those interested in national defense, is a drive around Terminal Island. Terminal Island may be reached by ferry from San Pedro or by bridge on Henry Ford ave. which crosses Anaheim st., just east of Wilmington.

Crossing by bridge the first major project to be seen is the extensive preparations of the California Shipbuilding Co. which at present are in the initial stages. On the channel side hundreds of pilings for buildings and drydocks are being driven. About half-way up the island on the ocean side is Reeves Field, the big Naval Air Base, for which the government has appropriated millions and is springing up like a mushroom. At the western end of the island the Bethlehem Shipbuilding Co. is greatly enlarging their plant, while at the end of the same street is the Federal Prison. The entire island seems to hum with activity, sea walls being built, new roads constructed and building everywhere.

**FOOD EXPENDITURES**  
The ordinary man in an average working life of 50 years, at an average of \$20 weekly, spends more than \$30,000 in feeding his family and himself.

**UNCLE SAM TAKES NO CHANCES WITH THEM** . . . These identical 20-year-old twins, Dick and Chick DeMott of San Pedro, who have confused authorities, their respective employers and friends with their duplicate appearance, won't confound officers in the U. S. Army. Both of them volunteered at the Torrance Selective Service headquarters but that "funnel" for recruits separated them.

Dick, a meat cutter, left with last Friday's Torrance draft contingent. His brother, a service station attendant will not be inducted until later this month. Both are six feet, weigh within a few ounces of 140 pounds and are as alike as the proverbial two peas in a pod.

In junior high school, Dick found he liked math better than English, and Chick, vice versa, so they frequently traded class

## "Ramona" Play Opens April 19th

—CNPA Inc. Service.  
"Ramona," celebrated outdoor play of early California, will have new leads for the 1941 production which opens April 19 in picturesque Ramona Bowl and continues Saturday and Sunday afternoons through May 4. In the picture above are the new principals: Robert Kellard as the ill-fated Indian lover Alessandro and Juanita Escoll as the Indian maid Ramona. This year's cast of 320 is the largest in the history of the famed play.

**NAZIS UPSET HIS BOOK**  
**PASADENA, Calif. (U.P.)** — After 16 years of research work, John Judson Hamilton has completed half of a book entitled "From Chaos to Cosmos; a Study of the Present Renaissance." Germany's conquest of France, he states will necessitate revision of his work.

**PARTIAL TO AUTO**  
**TROY, N. Y. (U.P.)** — Mrs. Anna Kahn wonders why her automobile is so popular with thieves. When she reported it stolen, it was the third time since Sept. 4 and the second within a week.

**Vitamin B Complex by Surgeon General**  
"Malnutrition of many types is widespread and serious among the American people," says Thomas Parvan, Surgeon General of the United States Public Health Service. "In the midst of food surpluses, both rich and poor alike suffer from vitamin and mineral hunger, and the greatest shortage of all is in the Vitamin B Complex."  
The wheat kernel is rich in the Vitamin B Complex, which includes Vitamin B-1. Scientists have learned that modern flour refining processes remove the greater part of the Vitamin B Complex. Therefore, ways have been devised to restore to white flour these valuable elements which nature puts in the whole wheat kernel.  
To help meet the need of the Vitamin B Complex in the daily diet, the Weber Baking Company, working in collaboration with noted scientists, has developed loaves of bread which are enriched with Vitamin B and other vitamins and food minerals natural to the wheat kernel. Two of these loaves are Weber's Split-Top and Weber's Honey-Krushed Bread.  
**WIFE JOINS WINANT**  
**LONDON (U.P.)** — The wife of the United States Ambassador to England, John Winant, has joined her husband in London.  
Federal spending for defense is expected to reach a monthly average of \$900,000,000 in 1942.

## Experts Guard Ben Hur's Fine Coffee Process

Constant attention of Ben-Hur Coffee experts for years has been given to developing methods to protect and conserve the delicate, elusive flavor oils. Nature tucks away these oils in minute cells. From the moment coffee is roasted until it is vacuum-packed, it begins to lose flavor — so it becomes of vast importance if real coffee deliciousness is to be preserved to the last degree.

Every Ben-Hur process has been developed to protect these flavor oils. That's why experts in cupping Ben-Hur coffee in comparison with top brands from all over the country, heartily join Ben-Hur in the sincere belief that Ben-Hur is actually the most delicious coffee packed in America. "I am frank to say that other nationally sold brands may contain equally as fine coffee beans," says Sales Manager E. L. Weaver, "but we have yet to discover a competitive coffee that equals the richness—and consequent economy in use—for which Ben-Hur has become famous."

## New Type Flour Sifter Used at Cooking School

One of the high spots of the Happy Kitchen Cooking School is the "Sift-Chine" flour sifter—literally a flour sifting machine. Instead of having to use both hands in its operation as is necessary with the old type flour sifter, you hold the "Sift-Chine" firmly in either the right or left hand and squeeze the handle. This simple operation sifts flour three times and leaves one hand free to mix or stir as desired. In keeping with the trend of the day, the "Sift-Chine" is a colorful gadget coming in a series of pastel stripes to match the color scheme of a modern kitchen.

**CAMP ORD EXPANDED**  
**MONTEREY, Calif. (U.P.)** — Lieut.-Gen. John L. DeWitt, commanding the 9th Army Corps, has announced that Camp Ord here is to become the second largest army post in the western states. Its 40,000 acres of rolling hill country will be used for training infantry and field artillery.

Factories in the Normandy section of France are manufacturing cloth containing 40 percent cellulose.

## Hospital Corpsmen Are Wanted Now for U. S. Naval Reserve

Applications for enlistments in the Naval Reserve, Class V-6, as Hospital Corpsmen, are being accepted at the Navy Recruiting Station, Postoffice Building, Long Beach. Enlistments in the Naval Reserve are authorized for men who are citizens, physically qualified, and between the ages of 17 and 50. Applicants will be enlisted in ratings for which they are professionally qualified. The scope of examination for these men will not include a knowledge of Naval subjects but

will deal only with their profession. It is expected that men enlisting in the Naval Reserve, Class V-6 as Hospital Corpsmen will be called to active duty very shortly.

**FORD'S PLASTIC CAR**  
DETROIT, Mar. 5 (U.P.) — Henry Ford's plastic car may widen the field of agriculture to a point where Ford believes, all vegetation eventually will be utilized by industry.  
**Have you tried GRAY'S MASTER**  
works wonders with GRAVIES, SOUPS and STEWS

Extra-delicious Ben-Hur will be the ONE Coffee featured at the Cooking School  
**BEN-HUR COFFEE**  
RATED "TOPS" IN FLAVOR!
